11:30 am – 1:00 pm

DESIGNING FOR HIGH IMPACT LEARNING SPACES

The roles of teacher and student have evolved and so has the way learning spaces are outfitted. New teaching approaches demand new kinds of learning spaces to prepare today's students for the future. Join us to gain insight into these evolving learning spaces and how to effectively design them. This presentation was developed in partnership with Nancy Sturm, the Principal Consultant at the Sextant Group and a nationally-recognized thought leader in creating transformative learning environments.

Host & Location:

640 Douglas Avenue, Suite 1514
Altamonte Springs, Florida 32714
407.774.4832

Program Bonus:

This Presentation is approved by AIA for one (1) hour CEU credit for our interior designer members!
